

## Product family

# PROFIL LEWO WALL

Linear profile systems for individual room designs, made of extruded aluminum profile, available as wall lamp, cover opal / flat, technically highly efficient LED technology with branded circuit boards, available in light colors 2700K/ 3000K/ 4000K, incl. Integrated converter, optionally dimmable via DALI or Push-DIM (1-10V on request)

### ADVANTAGES

- integrated converter
- optionally dimmable via DALI or Push-DIM (1-10V on request)
- direct / indirect distribution

### CHARACTERISTIC

- available as a wall profile
- made of extruded aluminum profile
- Housing colors anodized aluminum, matt black (RAL9005), aluminum anodized) or white matt (RAL9016)
- cover polycarbonate opal / flat
- protection IP20
- LED branded boards or branded strips
- max. profile length 6000mm continuously
- Profile including LED strips 2x 21W
- including integrated converter

## Product overview:

### Installation:

wall

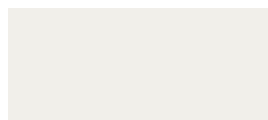

### Housing colors:

RAL9005 black matt

anodised aluminum

RAL9016 white matt

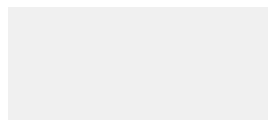

### Light colors:

2700K super warm white

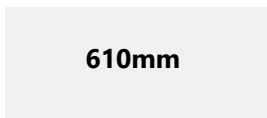

3000K warm white

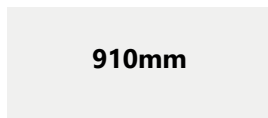

4000K neutral white

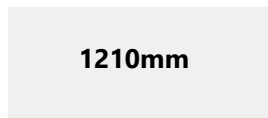

### Standard- Lengths:

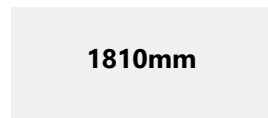

**610mm**

**910mm**

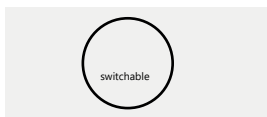

**1210mm**

**1810mm**

### Control:

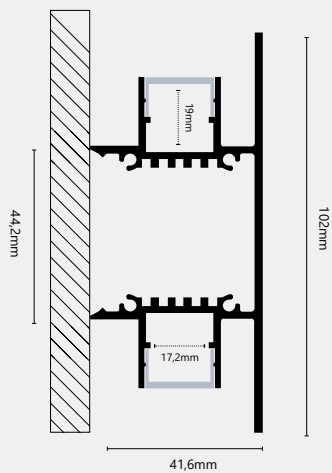

switchable (Standard)

DALI/ PushDIM dimmable
