

Product family

WALL-160

Wall lamp made of aluminum, housing available in white, equipped with highly efficient LED boards 18W, CRI > 90Ra, direct / indirect distribution, protection rating IP20, including mounting hardware, no separate converter required (230V DC), DALI dimmable

ADVANTAGES

- direct / indirect distribution
- 230V DC - no separate converter required
- DALI dimmable

CHARACTERISTIC

- housing color white
- degree of protection IP20
- direct / indirect distribution 86 ° x 50 °

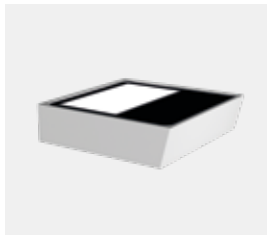

Product overview:

Light emission:

direct/ indirect

Housing color:

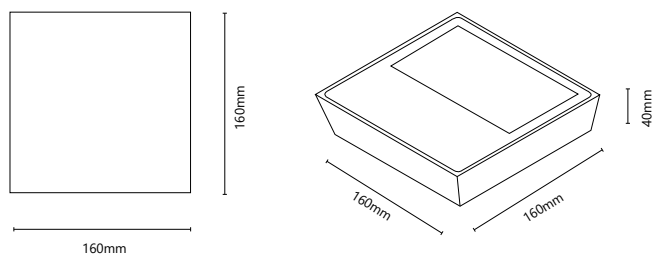

white

Light color:

3000K warm white

Drawings:

Technical information:

Total watts:	18W
Net lumen:	828lm
Kelvin (CCT):	3000K
Beam Angle:	86° x 50°
Protection:	IP20
CRI:	>90Ra
Light emission:	direct / indirect
Life expectancy:	50.000h
Voltage:	100~230V AC/ 230V DC
