

## Family data sheet

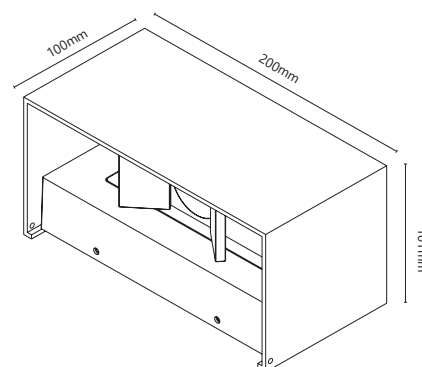

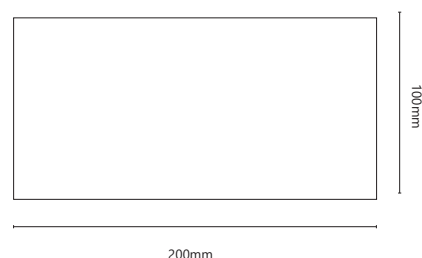

# WALL-200

Wall lamp made of aluminum, housing available in 2 colors, equipped with highly efficient LED boards 25lm/W, CRI > 90Ra, direct / indirect distribution, individually adjustable light emission angle, suitable for indoor and outdoor use (IP20 and IP65), including fastening material, no separate converter required (230V DC), TRIAC dimmable

## Technical information:

<b>Watt Total:</b>	20W	
<b>Net lumen:</b>	2x 507lm	2x 573lm
<b>Kelvin (CCT):</b>	2700K	3000K
<b>Angle:</b>	15° - 60° adjustable	
<b>CRI:</b>	>90a	
<b>Emission:</b>	direct/indirect	
<b>Protection:</b>	IP20 and IP65	
<b>Class:</b>	I	
<b>Life expectancy:</b>	50.000h	
<b>Voltage</b>	100~230V AC/ 230V DC	
<b>Dimmability:</b>	incl. integrated contontol gear	
<b>Converter:</b>	TRIAC dimmable	

Product overview:

Light emission:

direct

direct/ indirect

Housing:

black (RAL9005)

white (RAL9016)

Light color:

2700K super warm white

3000K warm white
