

Family data sheet

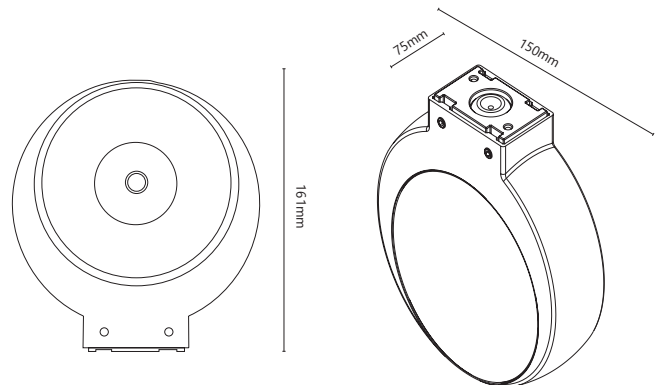

WALL-EYE

Wall light made of aluminum, housing dark gray, equipped with highly efficient LED boards 35lm/W, CRI> 80Ra, direct / indirect distribution, light emission angle 86°, suitable for indoor and outdoor areas (IP20 and IP65), including fastening material, no separate converter required (230V DC), not dimmable

Technical information:

Watt Total:	11.3W
Net lumen:	2x 396lm
Kelvin (CCT):	3000K
Angle:	86°
CRI:	>80a
Emission:	direct/indirect
Protection:	IP20 and IP65
Class:	III
Life expectancy:	50.000h
Voltage	100~230V AC/ 230V DC
Dimmability:	incl. integrated contontol gear
Converter:	not dimmable

Product overview:

Light emission:

direct/ indirect

Housing:

dark grey

Light color:

3000K warm white
